Package Services Options
BCC Mail Manager™ Software

Total package mailing support, all wrapped up

Looking to improve your package-mailing performance with a solution that fully supports Intelligent Mail®? BCC Software's Package Services options for BCC Mail Manager™ deliver presorting power to Library Mail, Media Mail®, Parcel Select®, Parcel Select Lightweight, and Bound Printed Matter (BPM) mailings. You'll enjoy postage discounts, maximum flexibility, and minimum labor—plus the value that makes BCC Mail Manager a top choice of professional mailers.

The Bound Printed Matter/Parcel Select option supports barcoded discounts for BPM shipments and destination discounts for Presorted and Carrier Route flats and machinable and irregular parcels. And Media Mail/Library Mail offers all the support you need to get the most out of mailings in those subclasses. Both options can generate all required USPS® documentation, too.

Choose BCC Software's comprehensive suite of Package Services options, for easier—and more profitable—package mailings.

HOW CAN WE HELP?
BCC Software prides itself on our in-house, local customer support team, who are all USPS Mailpiece Design certified. Need assistance? Never hesitate to give us a call.
